

34cm

A technical line drawing of a lamp. The lamp has a wide, shallow, elliptical shade at the top. Below the shade is a cylindrical body with a decorative, arched cutout on the front. The body is supported by four vertical, slightly curved legs. At the bottom, there is a mounting base with two small protrusions. Dimension lines are shown: a horizontal line above the shade with arrows pointing to the left and right edges, labeled '34cm'; and a vertical line to the right of the lamp with arrows pointing up and down, labeled '28cm'.
